TEACHER TRAINING SCHOLARSHIP PROGRAM

COLLEGE OF EDUCATION

UNIVERSITY OF GUAM

Regulations Governing the Teacher
Training Scholarship Program,
Chapter XI, Title XII, Government
Code of Guam, as amended by
Public Law 11-29

Adopted by the Board of Regents
August 29, 1972 under Resolution 72-30

TEACHER TRAINING SCHOLARSHIP PROGRAM

1. FINDINGS AND PURPOSE. The rapid increase in the number of school-age children in the Territory of Guam and the need for employment of additional teachers each school year results in an ever-increasing financial burden upon the Government of Guam in meeting its obligation to maintain a modern system of public education. The problem is made more acute by an increasing shortage of adequately trained (resident) teachers with the result that it has become necessary to recruit teachers from off-island. And, the Government has thus far not been as successful as believed possible in its efforts to encourage an adequate number of resident students to seek a career in public education.

PURSUANT TO THE ABOVE FINDINGS, the University of Guam shall provide for an accelerated program for the training of local teachers in the University of Guam, and to thereby minimize the necessity for additional off-island recruitment.

2. PROGRAM AND PRIORITIES.

- 2.1 There is hereby established in the University of Guam a program for the selection of teacher trainees to carry on undergraduate and graduate courses of study, including attendance during both regular semesters and summer sessions leading to a Bachelors or Masters Degrees in Education.
- 2.2 PRIORITIES. The Board of Regents has determined priority programs in keeping with the existing and emerging needs of the schools on Guam, as follows:

- a. First priority shall be given to the several teaching areas at the Elementary levels and to critical areas at the secondary level.
 - b. Second priority shall be given to teaching majors at the Secondary levels in areas of the less critical need.
 - c. Since priority needs vary from time to time, the President of the University shall establish before the beginning of each University year a list of teaching specialties and areas which are to be given priority in the teacher training program, and their order of preference. This may include the designation of majors in certain levels and/or subject areas as being ineligible for benefits due to a surplus of local resident teachers at that level or subject area.
3. PROGRAM BENEFITS. Trainees shall receive monthly allowances while in attendance as follows:
- 3.1 UNMARRIED TRAINEES:
- a. One hundred dollars (\$100) during the Freshman year in the program.

 - c. Two hundred dollars (\$200) during the Junior year in the program.
 - d. Two hundred dollars (\$200) during the Senior year in the program.
 - e. Three hundred dollars (\$300) during their participation as a graduate trainee.

3.2 MARRIED TRAINEES:

6.3 COURSE REQUIREMENTS. Selected trainees will pursue a degree program in education at such time as they are selected and enter the program.
