MEMORANDUM

To: The President  
Vice President

From: Legal Counsel

Subject: The Law in Regard to Travel Authorization:  
Who May Authorize Travel

The "Government Travel Law" Title VII, Chapter VIII, Government Code of Guam refers to travel authorization only in terms of "persons authorized to travel", not in terms of which agency may authorize travel. Persons authorized to travel at government expense while on official business are 1) employees, 2) dependents of employees traveling incident to recruitment/termination/home leave, 3) spouses of certain high officials, and 4) persons rendering service to the government - Section 6610.3, Government Code of Guam. However, the Director of Administration is given the power to "advance funds to any person who is authorized to travel on official business for per diem, mileage allowance, or reimbursement of expenses for subsistence." - Section 6610.7, Government Code of Guam. The three separate branches of government are each given exclusive control with regard to persons under their respective supervision authorized to travel at government expense - Section 6610.8, Government Code of Guam.

The "Travel Law" may be supplemented by rules issued by the Governor - Section 6610.9, Government Code of Guam. In view of the above, there is nothing in the "Travel Law" or its amendments which would prevent or make illegal an executive order authorizing the Board of Regents to authorize travel at government expense for those employees of the University who meet the criteria established in Section 6610.3 of the Government Code of Guam. However, the advancement of funds or reimbursement of expenses for those employees authorized to travel would still, under the law, take place through the Director of Administration.
