

TERRITORY OF GUAM
OFFICE OF THE GOVERNOR
AGAÑA, GUAM 96910
U. S. A.
EXECUTIVE ORDER NO. 98-07

RELATIVE TO A FOURTH EXTENSION OF THE PERIOD DURING WHICH THE GUAM POWER AUTHORITY AND THE GUAM WATERWORKS AUTHORITY MAY READ POWER AND WATER METERS IN THE WAKE OF SUPERTYPHOON PAKA.

WHEREAS, Supertyphoon Paka caused extensive damage to the islandwide power system with total damage presently estimated to be \$25 Million; and

WHEREAS, as a result of the devastation caused by Supertyphoon Paka, the Guam Power Authority was required to re-deploy meter readers who ordinarily read power and water meters to assist in the restoration efforts and repair of the transmission and distribution lines; and

WHEREAS, as many as 2,000 meters may need to be replaced; and

WHEREAS, as the conditions brought about by Supertyphoon Paka have made it impossible for the Guam Power Authority to read power and water meters with the same frequency as is ordinarily done; and

WHEREAS, §12026 of Title 12, Guam Code Annotated, expressly authorizes the Governor of Guam to extend the period during which a utility may read meters beyond the normal Seventy (70) days in the event of a typhoon;

NOW, THEREFORE, I, CARL T. C. GUTIERREZ, Governor of Guam, by virtue of the authority vested in me by the Organic Act of Guam, as amended, and the laws of Guam, do order:

1. The period during which the Guam Power Authority and the Guam Waterworks Authority may read power and water meters is hereby extended from One Hundred Fifteen (115) days to One Hundred Twenty (120) days.
2. In accordance with §12026 of Title 12, Guam Code Annotated, power and water meters may now be read within One Hundred Twenty (120) days.

SIGNED AND PROMULGATED at Agaña, Guam this 2nd day of February, 1998.

CARL T. C. GUTIERREZ
Governor of Guam

COUNTERSIGNED:

MADELEINE Z. BORDALLO
Lieutenant Governor of Guam
